**Re: *Mt. Pleasant Township  
Range Resources-Appalachia, LLC's Conditional Use Applications for  
Yonker, Uchida and Patsch Well Pad Locations***

Dear Mr. Means,

This letter serves to formally withdraw the conditional use applications for the Yonker, Uchida and Patsch well pad locations that were previously submitted to Mt. Pleasant Township ("Township") by Range Resources-Appalachia, LLC ("Range") in August 2014 ("the Applications"). In light of the deterioration in the commodities markets and reduction of Range's capital expenditures since the August 2014 submission of the Applications, we have reprioritized our drilling plans, and as a result, removed these wells from our 2015 planned activity.

Range is hopeful that the next year brings forth the circumstances that will provide us with the opportunity to conduct activity on these or other locations in the Township. We thank you for the time and effort that you and the Supervisors have put forth over the last several months and look forward to working with the Township and community in the future.

Regarding the decision to withdraw the Applications, as with all facets of our operations, we will communicate directly with those Township residents who are most likely impacted by this decision.

Our goal is to continue to build on the valued relationships that we have developed with the Township Board of Supervisors and the community it serves, a community that many employed in our industry are proud to call home.

Very truly yours,

Erin W. McDowell
